GOV. PARDEE INDIGNANT.

That Reflections Were Cast on State Militia.

San Francisco, April 27.—Governor Pardee visited San Francisco yesterday and was in conference with Major General Greely, Mayor Schmitz, Dr. Devine of the Red Cross, and members of the citizens committee. Gov. Pardee was requested by Mayor Schmitz and his committee for the withdrawal of the national guard from San Francisco.

Gov. Pardee spoke highly in favor of the national guard, and referred to the splendid service performed in the war with Spain. He said he regarded the request for withdrawal as a reflection on a well-organized and highly efficient body of men. The governor said that he was indignant over the attitude taken against the guard and the charges preferred against it. In fact, he said, he was so indignant that he thought it best not to make any further remarks.

Mayor Schmitz replied that he and his committee had not made any charges against the guard. On the contrary, they had thanked the governor for the militia's services. If charges had been made they were by outsiders. The object in making the request for the withdrawal of the troops was to concentrate the control of the city in the federal troops and to prevent conflict of orders.

Major General Greely said that so far as known there was no conflict of authority, and that a United States army officer he could not assume charge of the state militia. The mayor was the head of the city and he would continue to recognize the authority of the mayor in giving directions for the safety of the people.

The state troops have not yet been withdrawn, and the meeting adjourned without any announcement that they would be.

IN DYING CONDITION
PURSUED BY FLAMESMamie Britt, Sister of Jimmy Britt,
Reported to Have Died in San
Francisco of Tubercu-
losis.

San Francisco, April 27.—It is reported that Mamie Britt, the sister of Jimmy Britt, the prizefighter, died of tuberculosis after several heart-breaking experiences. She was in her deathbed, and the last rites had been administered when the earthquake caused a portion of the Britt home to collapse. They removed the dying girl to the Franciscan hospital in a hurry, then, as the fire drew near, to the Sutter street car barn, and finally out of the city to San Mateo.

Each successive night was unavailing, for the flames kept up a steady pursuit, death at length ending the agony of the young woman.

Latest Figures Give 41 Dead, 63 Injured
and 7 Missing.

Santa Rosa, Calif., April 27.—The latest figures show 41 dead, 63 injured and seven missing. The entire business section of Santa Rosa and many residences were destroyed.

Cut off by disaster from communication with the rest of the world, Santa Rosa knew nothing of the destruction of San Francisco until the arrival from there of a trainload of 1,000 refugees.

FIRE INSURANCE RATES
WILL BE MADE HIGHERGeneral Advance in All Business Cen-
tres of All Cities of Country
Is Imminent.

Chicago, Ill., April 27.—The Tribune, yesterday, said:

There will be a general advance in fire insurance rates in the business centers of all cities of the United States in the near future to enable the companies to recoup in a measure their San Francisco losses. A meeting of all western managers was held in Chicago Wednesday to discuss the situation. The determining committee of the western union, the large legislative body of the West, decided that, in the face of present conditions, an advance must be made. Eastern officials had advised their western men to prepare for the increase, and the meeting approved the plan.

Company officials meeting in the East decided that the advance should go into effect simultaneously over the country. To that end they asked the western union to send a committee of five to New York to attend a general meeting. The determining committee of the western union, the large legislative body of the West, decided that, in the face of present conditions, an advance must be made. Eastern officials had advised their western men to prepare for the increase, and the meeting approved the plan.

President J. W. Coifran of the western union said that the western committee would be appointed today.

It is stated that the western union will see to it that adequate rates are charged on classes that are now considered unprofitable and that charges for defects in risks will be insisted upon emphatically.

CALM MR. HASKINS
SURVEYS SITUATIONDoes Not Show Great Perturbation Over
Gov. Bell's Entrance into Con-
test for His Seat.

Washington, April 27.—Col. "Kit" Haskins, representative from the 2d Vermont district, taking the entrance of Gov. Bell into the congressional lists with calm philosophy.

"Yes, the Governor is going to try to oust me," said Col. Haskins, "but he won't succeed. I shall be my own successor, I believe. He has performed well his duties as Governor, but perhaps no better than others would have done in his place. He has met the responsibilities of his office as they came to him and as any good man in the office should have done."

"I am not planning to return to Vermont to prosecute any campaign for the present. My friends are looking after my interests and I am looking after my duties here as a member of the House."

Col. Haskins thinks the congressional convention will probably be held June 19 or 20. He expects it will be the day before the Republican state convention.

DECISION FOR JOHNSON.

Over Sam Langford in Chelsea, Mass.,
Bout Last Night.

Boston, Mass., April 27.—Through Jack Johnson, the colored heavyweight of Galveston, won the decision over Sam Langford in their 15-round bout at the Lincoln club, Chelsea, last night, it does not add any lustre to his record, and Langford is deserving of a lot of credit. Outweighed by at least 40 pounds, and a head shorter than Johnson, the Boston man was good and strong when the bout ended.

FRANKLYN STATUE
UNVEILED IN PARISIs Gift to City of Paris and Is Located
at Head of Street Where Famous
American Lived While
There.

Paris, April 27.—The statue of Benjamin Franklin, presented to the city by John H. Harjes, which stands in the Place du Trocadero, at the head of Rue Franklin where he lived, was unveiled today. A brilliant throng of representatives of Americans and Frenchmen were present. The statue, which the principal addresses were delivered by Ambassador McCormick, Prof. Smith, special representative of the United States government and M. Barthou, minister of public works.

The statue is a duplicate of the one in front of the Philadelphia Postoffice, which is considered by many critics to be a masterpiece. It represents Franklin seated in his favorite arm chair, comfortably enfolded in a dressing robe. At his side is a large book, just fallen from his hands.

The statue is nearly twice life size, measuring 12 feet from the base to the top of the head.

John J. Boyle, the sculptor, now a resident of New York, is very well known in art circles throughout America. In the Congressional Library in Washington are his busts of Plato and Sir Francis Bacon.

All about it are reminders of his sojourn in Passy—here the Place Franklin, on the busy thoroughfare of Passy, the antiques of Franklin. It was on the Rue Franklin that his villa stood, on which he placed the first lightning-rod constructed in France.

COLLISION OF STEAMERS.

The Strathcona Sank the Havana—Crew
Was Rescued.

Halifax, N. S., April 27.—The coasting steamer Strathcona, Captain Reid, collided with and sank the British steamer Havana, Captain J. A. Farquhar, in Halifax harbor last night. No lives were lost. The steamer Strathcona was bound out of the harbor and when off Point de la Reine, she ran into the Havana, which was at anchor. The Strathcona backed off from the steamer, struck the Havana about the engine room, cutting into her side several feet. With the exception of the watch on deck, the Havana's captain and crew of five men were below asleep.

The crash aroused them and half died they rushed to the deck and aboard of the Strathcona, whose bow was buried deep into the side of the other craft.

The Strathcona backed off from the Havana quickly as the latter was filling, and in less than ten minutes after the disaster the Havana disappeared. The Strathcona brought the survivors here.

Rutland.

Rutland, April 27.—Almon C. Boutwell, who for many years had conducted the Combination Cash Store company farm, 40 Stratton road, died yesterday of heart trouble. Last Saturday he was at work in the ruins of the Combination building on Merchants' row. The deceased was nearly 60 years old and was a civil war veteran.

Mr. Boutwell was born in Williamstown June 13, 1846. He came to Rutland 11 years ago from Pittsfield and had conducted the farm on which he died ever since. At the opening of the Civil war he enlisted in company G, 10th Vermont volunteer regiment, for three years, but he was discharged because of a wound received at Cold Harbor, Va. (He was a corporal when he left the army.)

WINDSOR MAN MISSING.

Ray E. Harlow Disappeared Monday
Morning.

Windsor, April 27.—The friends of Ray E. Harlow are worried over his disappearance, nothing having been seen of him since Monday morning, when he went up town to get some things at the store. He was last seen going up State street about eight o'clock in the morning. His wife says that he began to feel ill about 10 o'clock, and he was a black suit of clothes, a light overcoat, and had on a light grey fedora hat.

He has two sisters living in Randolph. Any information as to his whereabouts should be sent to A. W. Hunter of Windsor, a brother of Mrs. Harlow, which will be gratefully received.

GIFT OF \$10,000.

Col. A. B. Chandler Proposes to Build
a Public Hall.

Randolph, April 27.—Col. A. B. Chandler has offered a gift of a lecture or music hall to the trustees of Bethany church, not to exceed the sum of \$10,000. By the union of the Congregational and Christian bodies in the Bethany church, the society is possessed of two church buildings and two very desirable sites. Col. Chandler proposes to take one of these sites, remodel or remove the building on it and have a handsome building in its place containing a music hall. The hall would be the property of the church and under its control. The building would also contain rooms for parish use and provide for the social and working interests of the church, which would bear the expense of this part of the plan. Colonel Chandler's offer was laid before the church committee Wednesday night and unanimously accepted. The matter will be brought before a full meeting of the society as soon as possible for a final decision.

TOOK LAUDANUM.

But It Was for Toothache and Not for
Suicide.

Middlebury, April 27.—Stories were in circulation through the town Thursday that Mrs. George Bannister, a recent bride, had attempted to commit suicide in her room at the Hotel Allen, Wednesday evening, by taking a dose of laudanum. The truth seems to be that the young woman had a severe toothache in the afternoon and went down town to get something to relieve it. She took some of this and the result was that it rendered her unconscious, in which condition she was found in her room by her husband when he went to the hotel to supper. Dr. E. H. Martin was called and Mrs. Bannister was fully restored by Thursday morning.

COUNT PERETTA'S BROTHER PROBABLY IS
DEAD.

Northfield, April 27.—Count Peretta de la Roca is reported as among those who perished in the San Francisco disaster, and in dispatches it is mentioned as French consul at that place. Count Peretta represented the French government in the Venezuelan claims commission of which the Hon. Frank Plimley was umpire, being here in company with Dr. Don Jose Poth, and during his stay met many of the prominent citizens of the state, all of whom will be gratified to learn that the count is still living. Mr. Plimley received a letter from him under date of April 10 in which he stated his intention of soon going to South America after paying a visit to his brother in San Francisco. It is evident from the connection of circumstances that the count's brother met death in San Francisco and that the names of the two persons became transposed.

MEETS LOSSPostmaster Bancroft Died
This Morning

SICK BUT SHORT TIME

Had Just Been Reappointed for His
Second Term—Was One of Cap-
ital City's Most Popular
Young Men.

Carlos C. Bancroft, postmaster of Montpelier, died this morning quite suddenly, although he had been ill for several days. On Wednesday night of last week he contracted a slight cold, but felt able to go to the postoffice the following morning. But he began to feel worse and returned home soon, and since that time had been confined to the house, and to his bed for the part of the time. There were symptoms of the grip and for five days his temperature was at 105. Yesterday the physicians decided that he had typhoid fever, but last night at 9 o'clock he was resting comfortably. Shortly after midnight, however, the patient's lungs began to fill and he died at 12:15, the heart having been affected.

Mr. Bancroft was born in Montpelier 35 years ago and had spent all his life there, being educated in the Union school and entering the First National Bank and later going to the National Life Insurance company where he was in charge of the supply department. Four years ago he was appointed postmaster and a week ago his name was sent by the President to the Senate for reappointment, so that his choice was assured for a second term. He was an assistant foreman of the volunteer hose company in Montpelier and was prominent in the affairs of the Apollo club. His death came as a great shock to his many friends in Montpelier and Barre, as even in his home city it was not known that he was seriously ill. He was an open-hearted man and very popular.

The deceased leaves a widow, who was the daughter of the late Hiram Huse, two small children, his mother, Mrs. Juliet C. Bancroft, and a sister, Miss Jane Bancroft. His uncle, Frederick W. Bancroft, of Boston, is the well known tennis player.

The funeral will be held on Sunday.

TEACHERS NOT PAID,
LACK OF READY FUNDSBurlington School Teachers to the Num-
ber of 85, Will Have to Go Over
Another Month.

Burlington, April 27.—Because there are not enough funds at City Treasurer Grant's call to meet the demands of the monthly pay-roll of the school department the teachers must wait for their money for an indefinite period. A meeting of the teachers was called for this afternoon when they were to have been paid, but it was discovered that it would be impossible to pay them. Notices were therefore sent to the teachers from the superintendent's office yesterday announcing that the meeting was postponed until funds for the pay roll could be secured from the city treasurer.

On the pay-roll at present there are names of about 85 teachers, and the janitors of the schools. The pay-roll amounts monthly, in round numbers, to \$5,000. Since the first of January the school department has not had enough money at its disposal to carry along its work effectively and to carry out there are outstanding bills which should have been paid two months ago. For the past several months it has grown more difficult each month to secure the necessary funds to meet the pay-roll demands.

CANT REMAIN IN CONVENT.

Says Mother Superior of the McFarland
Girl of Hyde Park.

Burlington, April 27.—The mother superior of St. Mary's convent, that Blanche McFarland, the fourteen year old daughter of Attorney F. H. McFarland of Hyde Park, who was taken to the school by her father on Wednesday, cannot remain there. This was declared when the facts of the case were told her, less the girl mysteriously disappeared and her mother had been arrested on the charge of abducting her and how the girl returned just as mysteriously and the mother had been absolved of the charge.

Dead.

Northfield, April 27.—Count Peretta de la Roca is reported as among those who perished in the San Francisco disaster, and in dispatches it is mentioned as French consul at that place. Count Peretta represented the French government in the Venezuelan claims commission of which the Hon. BARRE GRANITE MEDAL
HAS BEEN RECEIVEDSecured For Exhibit at the St. Louis
Exposition—The Medal Is a
Beautiful Piece of
Work.

The medal awarded the exhibit of Barre granite at the St. Louis exposition has been received in the city, and is now in the hands of E. G. Howland, who acted as treasurer of the company which secured the exhibit. The obverse of the medal shows two figures, representing Columbia, about to envelop the youthful maiden at her side, typifying the Louisiana Territory, in the flag of the stars and stripes, thus receiving her into the sisterhood of states. The other figure is depicted in the act of divesting herself of the cloak of France. In the background is shown the rising sun, the dawn of a new era of progress to the nation. The reverse of the medal shows an architectural tablet bearing an inscription giving the grade of the medal. Below the tablet are two dolphins, symbolizing our eastern and western bays, and the whole is surrounded by the American eagle.

On each of the three distinct corners of the gold medal is a wreath encircling a monogram or emblem, each wreath being surrounded by fourteen stars, representing the Louisiana Purchase states and territories. On the Grand Prize design there is the same number of stars in the upper field of the shield, and there are thirteen bars in the lower field, representing the original states.

The medal was designed by Adolph A. Weinman, the design being approved by J. Q. A. Ward, Daniel C. French and Augustus St. Gaudens. The medal was engraved and the medal struck by the United States mint at Philadelphia.

CELEBRATED ANNIVERSARY.

Local Odd Fellows and Rebekahs Gather-
ed Last Night.

Hiawatha Lodge, No. 20 and Bright Star Rebekah Lodge, No. 18, last evening celebrated the 87th anniversary of the founding of the order, in an appropriate manner.

The programme was opened by the reading of the proclamation by F. W. Jackson. The address of welcome was then given by H. W. Scott, in his cordial manner. A piano duet by Misses Ingles and Cole followed. Dr. Lynde gave one of his pleasing readings and W. W. Brady rendered a very applauded solo. An address was then given by Rev. J. A. Belanger of Wells River, Grand Chaplain of the grand lodge.

The programme was closed with a wonderfully well rendered solo by Lewis Griffiths.

Following the programme the Rebekahs served a sumptuous banquet, to which about 200 did ample justice and at which Grand Noble H. W. Clarke presided.
